Erindale Park (Culham Trail, Mississauga) Hike

Erindale Park in Mississauga is the best place to view the Credit River salmon runs in the fall and can take a leisurely walk along the river with the whole family. In the fall, we can watch and see more than 20-lb salmon dashing up the river. Lots of fishermen struggle to catch the salmon from the river.

The end of September or early October is a great time to view salmon runs against the current and up the Credit River.

Our next hiking trip will bring you all this spectacular sight of nature in the GTA, You will be amazed at the size of the fish and greatly surprised by the beautiful scenery of this urban park. This is a very easy and enjoyable walk in the park. Do not forget to bring a camera.

Please e-mail Raymond Wong (hiking@hkpu.ca) as soon as possible if you plan to participate.
